

Workshop Weekend with Lynn Yuhr

April 11, 2024 - April 14, 2024

Workshop 1: Coloring Outside the Lines

Workshop 2: Marked and Framed

The GAPCG is pleased offer a workshop weekend with Lynn Yuhr! The workshop weekend will include two days of class instruction by Lynn, plus lodging at the [Salem Campground](#).

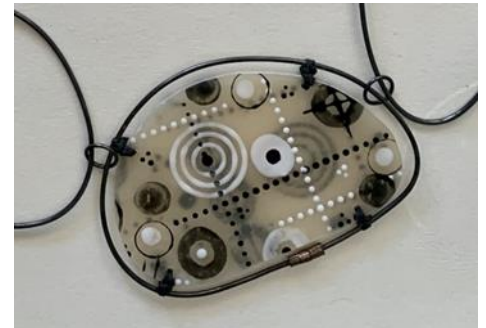

These Picasso-inspired polymer clay pieces will pop with any outfit and can either be worn as a pin or a pendant!

The bright color-blends capture the light and moves your eyes around each, but the layers developed using shape, line work and detailed accents provide a depth of interest. A cut and paste technique is used, while overlaying line work and accents are the final touch. I will show you how to add a handmade bail or commercial pin back to finish your piece. Because the project is built in steps and baked along the way, you will be able to achieve a professional finish.

Workshop 2: Marked and Framed

Create a bold statement necklace that combines simple techniques using light weight polymer clay that is held within a strong wire frame. We will begin with the basics of liquid clay and create polymer veneers decorated with marks on both sides. We will then learn some basics about working with wire that includes straightening and hardening wire, forming frames and adding patina. The finished necklace then comes together once the polymer clay is set within the frames.

The registration fee includes:

- Two 6-hour workshops with Lynn Yuhr
 - (Friday and Saturday 10 am – 5 pm with 1 hour lunch break each day);
- Special supplies needed for use in the workshops;
- Lodging accommodations from Thursday afternoon, April 11 through Sunday afternoon, April 14: single room with private bathroom; and
- Workspace.

Registration: Please complete online registration form at:
